WHAT DATA ARE PROCESSED, AND WHY?

To ensure efficiency in the shared use of the St John's College playing fields by other colleges, in fulfilment of contractual agreements, and to ensure that only *bona fide* members enjoy these facilities, the College's Sports Grounds staff retain gate lists with names, emails, contact telephone numbers and College addresses of all students currently in residence.

Under specific conditions, students reading certain subjects may use and borrow items from the College Library. In these cases we process names, CRS IDs and borrowing records relating to the individual student.

WHERE DOES THE DATA COME FROM?

The personal data are supplied by Student Services/Tutorial offices or their equivalent, via the University library management system, or directly by the student.

SHARING WITH THIRD PARTIES

Some data recorded in the Cambridge library management system are visible to staff in other Cambridge libraries. Otherwise, we do not pass this personal data to any third party, without the express consent in writing of the data subject.

We do not pass any personal data outside the European Economic Area.

RETENTION OF DATA

Playing fields: These personal data are stored in hard copy and are deleted three years after receipt.

Library: records are deleted seven years after a student leaves Cambridge. This information is controlled by the University Library and [you can view its retention schedule here](#).

RIGHTS OF THE DATA SUBJECT

The member of one of these Colleges, as 'data subject', has the right: to ask us for access to, rectification or erasure of their personal information; to restrict processing (pending correction or deletion); to object to communications; and to ask for the transfer of their personal information electronically to a third party (data portability).

Some of these rights are not automatic, and we reserve the right to discuss with the data subject why we might not comply with a request from them to exercise such rights.

If data subjects have questions or concerns about their personal information, or how it used, they are invited to speak to [the relevant College department](#) in the first instance. If in need of further guidance, they are asked to contact the College Data Protection Lead using the details given above.
